

Welcome to
Germany
ISLAND

A LIFE OF WATER

I have sought a place of tranquil
I have sought for where serenity resides
I have traveled the seas in search of my soul
I have left the land behind to find my home
This beautiful place that seduces me
This mysterious place where I am embraced
I see my island, I see my home and I see my lagoon
This is where my heart is at peace, where my soul can be free to
breathe and my mind will roam in a beautiful sanctuary
This is where I walk on water
This is where the lagoon embraces me
I feel every kiss of the water as it touches my skin it is like nothing I
have ever felt
I look beyond the horizon, I see a pink sky with the feathers of
beautiful birds
I see the sun dancing on the surface of the water like wild fire
This is what many before me have searched for
This is where my soul resides
This is where I call my home
This is Germany Island

Take A Moment to Catch Your Breath.

The Heart of Europe comprises 6 islands and it is located at The World, Dubai.

Imagine Maldives-like islands nearby Dubai shores, easily accessible by boat.

We will run a shuttle service every 15 minutes and water taxis, with pick-up points from Dubai mainland.

GERMANY
— ISLAND —

LIFE SO BEAUTIFUL

Germany Island combines superior craftsmanship and smart technology with high quality finish to create pure perfection. Inspired by the Bauhaus style, the design interprets the style with a contemporary twist and simplistic design and technology.

A mixture of lagoon and beach villas provide the backdrop to Germany's inherent rich cultural heritage with modern concepts of sustainability also embedded in the beautiful design and experience. From the finest, traditional German food, fruits and beverages to well-known and niche festivals, Germany Island will embrace you with its own high standards of luxury lifestyle.

UNCOMPROMISED CREATION

Germany Island will be home to 15 beautiful and contemporary beachfront and 17 lagoon villas both with spectacular, uninterrupted waterfront views that envelop you in tranquillity and privacy. Floor to ceiling glass walls invite unfettered light and views of the beach into your villa. Renewable energy will also power the villas namely green energy and solar power.

The island will be constructed in the shape of a horseshoe ensuring each of the 32 exclusive villas has guaranteed views of the sea or lagoon and access to the sea and marine life in the Arabian Gulf.

There are three different types of villas on Germany Island. Two types of beachfront villas (type A and A1) and the semi-detached lagoon villas. The 15 five-bedroom plus maid's beachfront villas are graced with an exterior pool deck, an infinity pool and direct access to your own well-manicured private beach. The 17 four-bedroom lagoon villas are nestled on the shorefront and with your own pool and access beyond to immerse yourself in the lagoon waters.

UNCOMPROMISED CREATION

The background is an abstract, fluid pattern of wavy, layered colors. The palette includes various shades of blue, teal, light green, and muted purple, creating a sense of depth and movement. The lines are smooth and organic, resembling liquid or marbled paper.

THE LAGOON

A SANCTUARY OF WATER

This is a phenomenal feat built by human hand. A grand, horseshoe-shaped lagoon using the latest technology to pump in sea water to maintain a steady tide that will dance and sparkle in front of your villa.

With an expanse of water that is almost the size of a football field with striking crystal-clear waters that glitter in the sun and direct access from your lagoon villa. A few steps and you are swimming in the clear waters with uninterrupted views wrapped in a veil of tranquillity and sanctuary.

BOLD AND TRULY BEAUTIFUL

BE CAPTIVATED BY MAGICAL LIGHTS

WITNESS TIMELESS CRAFTSMANSHIP

The image features a close-up, high-resolution view of a marbled surface, likely a stone or marble countertop. The background is a complex pattern of veins in shades of light grey, beige, and brown, with some darker, more prominent veins running diagonally across the frame. The texture appears slightly grainy and natural. Overlaid on this background is the text "LAGOON VILLA" in a bold, white, sans-serif font, centered horizontally and vertically.

OF FINE THINGS**

FORCES OF NATURE

The Heart of Europe defies the impossible to pioneer new concepts. Where it doesn't exist, we build it, source it, invent it. This is the only place in the world where you can experience climate-controlled, outdoor streets with rain and snow, new coral reefs, underwater luxury living and the importing of ancient olive trees, some over 1,500 years old, from Andalusia in Southern Spain.

It is truly a magical destination making it the perfect place for a weekend getaway or holiday either as a guest or second home owner looking for a quick yet rewarding break just 20 minutes from shore. No two days can be the same if you want to explore the best that Europe has to offer.

RAIN ON DEMAND

Innovative technology and know how have successfully created the first climate-controlled streets in a resort. The weather is an important part of European culture and some apartments and suites will have a street view.

Looking out over narrow, cobbled streets, wondering whether to brave the weather, scoop up an umbrella and venture outside to feel cool rain on your skin as you walk through 300metres of climate-controlled pedestrian walkways. A memorable moment in an island setting before returning to the mainland desert.

THE BEST OF GERMANY

Sample the best Germany has to offer and excite your tastebuds and your senses. From delicious and authentic cuisine from across the German nation from Bavaria to Hamburg, such as Eintopf, Bratwurst, Spargel, Sauerbraten Schnitzel or Spätzle to renowned and niche festivals – Oktoberfest, Christmas Markets or Karneval.

AMAZING IS EVERYWHERE

There are wonders and wow moments wherever you find yourself at The Heart of Europe. Be captivated by outdoor snowfall and rain, be entertained by the underwater museum or take in the wonderful sights of spectacular nightly firework shows or the rush of beautiful corals, over 100,000 of them.

There will be exciting nightlife for all ages, indulge in your favourite activities and take to the water to sail, dive or jet ski and enjoy a complete European shopping experience with the best brands in the world.

DUBAI

INVEST IN EXCELLENCE

Dubai is one of the world's key points of connection. One-third of the global population lives within a four-hour flight. Dubai itself is consistently ranked as one of the world's most globalised cities. It is home to people of many nations, the world's busiest airport by international passengers served, and the world's largest man-made harbour.

The city has developed significantly over the last 40 years and is a magnet for international visitors, attracting 15.8 million travellers in 2017.

Where once there was sand, now there is one of the world's most modern urban landscapes, linked by multi-lane highways and a technologically advanced Metro and tram system. The city is a thriving centre for business. 70% of Fortune 500 companies have their regional base in Dubai and it regularly tops the World Bank's annual report for Ease of Doing Business in the Arab world.

There is no better place to invest in property and The Heart of Europe offers the very best premium you can expect.
